Label stick machine	0,8L->5L	2	Taiwan	1,466,400 x2
Label stick machine	100ML->1L	1	Taiwan	1,560,000
TOTAL		3		4,492,800

12. EQUIPMENTS AND TOOLS

 <p>Digimactic Caliper Feature : Measure dimension</p>	 <p>Scales Feature : test weight</p>	 <p>Clean Test Feature : Check the strange object, difference color mix in material</p>
 <p>Magnifier Feature : To Zoom in on tiny details</p>	 <p>Moisture Analyzer Feature : Test the moisture content</p>	 <p>Light Box Feature : Standard color to check color</p>
 <p>Cylinder Feature : Measure volume</p>	 <p>Thickness Ruler Feature : Measure thickness</p>	 <p>Surface Plate Feature : Make the standard plane to test product</p>
 <p>Current tester Feature : Measure Volt/Ampere</p>	 <p>Height Ruler Feature : Measure dimension of product</p>	 <p>Drop ball impact test Feature : Check the impact resistance of products</p>
 <p>Contamination measurement chart Feature : Dimension dirty spots</p>	 <p>Colorimetric Machine Feature : Test colors of product to compare with standard</p>	

CNC 3D Coordinate Measuring Machines

New series that incorporates Carl Zeiss technology
Space precision compensation technology dramatically improves measuring accuracy.
Thermal compensation function equipped as standard for improved environment resistance
Powerful software includes AI functions as standard.
(Patented in Japan and overseas)
